Getting ready for the Big Day (or Night)? – what you need to do:

When your wedding, formal or special occasion is coming up, it's best to book your appointment two to three weeks prior to the event. We encourage you to come into the salon for a consultation with your stylist before the day, so you can look through some magazines and discuss which style really suits you and the occasion.

You can also look through pictures of all the latest upstyles we have done here in the salon. We also recommend that you browse through some magazines yourself, before the consultation, and bring in any clippings of styles you like.

Things to do prior to and on the day:

1. Wash your hair the day before, as this will make it easier to put up, and stay up!
2. Wear a top that is easy to take off – preferably one that does not need to go over your head (eg. buttons up at the front). This way you won't mess up your hairstyle when getting dressed for the evening.
3. Have your shower or bath before coming into the salon.
4. Your hair needs to be done before putting on your make-up.

We look forward to helping prepare you for your big event!
